Pre-planning

House 23

Swiss Cottage, London
Under construction (Completion 2026)

Northcliff house

Barnet, London

Pre-planning (Completion 2027)

Our background

Dan Slavinsky

CV

Dan's experience spans more than 15 years, specialising in residential and commercial design, from boutique to masterplan scale. He enjoys leading schemes on complex or inner-city sites where the identity and quality of the architecture played a critical role in gaining permission or for community involvement. Prior to co-founding AERT, he was director at both Astudio and E8 Architects, and graduated from the Bartlett (UCL), Nottingham and Westminster universities.

DIRECTOR

BArch (Hons) DipArch MArch ARB

Mu Li

CV

Li has a background in residential, interior and cultural design, with an approach to design founded in virtual and physical model making, as well as the integration of artistic expression alongside function. At AERT he leads on the use of advanced technologies and AI integration in the way we carry out our projects. Previously Li worked at Astudio architects in London as well as MAD, Sako Architects, GMP Architekten and ARCHIPLEIN in their China studio. He studied at Edinburgh and the AA.

DIRECTOR
BArch, DipArch
